

I AM

A BIBLE STUDY
FROM THE
BOOK OF JOHN

BIBLE STUDY INSTRUCTIONS AND SCHEDULE

We will be studying Jesus' I AM statements found in the book of John. Each week we'll examine **what** Jesus said, the importance of **why** He identified Himself in that way, and **how** His statement impacts our lives. Below are seven questions to consider and journal about in your own personal investigation. Come to Bible study ready to share your insights and ask questions concerning things that were confusing or unclear. Reference the schedule for what passage we'll be focusing on each week, the Old Testament passages that will give some helpful background information to Jesus' statements, and which verses to memorize.

A FEW QUESTIONS TO JOURNAL ABOUT:

1. What is the I AM statement for the week?
2. What is the FIRST thing this I AM statement brings to mind?
3. How could this I AM statement be misunderstood in our American culture?
4. What additional insight would a Hebrew culture give to this I AM statement?
5. How does this Old Testament passage foreshadow Christ and the I AM statement?
6. What deeper understanding does this I AM statement communicate about Christ?
7. What needs to change in your life in response to this I AM statement?
